

Lecture Series on Surface Forces 18

WPI Advanced Institute for Materials Research (WPI-AIMR)

Institute of Multidisciplinary Research for Advanced Materials (IMRAM)

Tohoku University, CREST-JST

Date : November 2, 2011

**Place: Main conference room, Second floor,
WPI-AIMR Main Building, Katahira, Tohoku University**

Program

10:00-11:00

Speaker: Kohei Uosaki (Principal Investigator, National Institute for Materials Science)

Title : In situ Determination of Geometric, Electronic, and Molecular
Structures at Solid/Liquid Interfaces for Highly Efficient Energy Conversion
『固液界面幾何・電子・分子構造の高分解能その場計測
—高効率エネルギー変換の基盤として—』

11:00-12:00

Speaker: Yukari Sato (Senior research scientist,
National Institute of Advanced Science and Technology)

Title : Effective biomolecular recognitions on the surface modified with soft materials
『ソフトマテリアルを利用した高感度分子認識』

連絡先 : Kazue Kurihara, WPI
